Superintendent Rigby
Concord Public Schools / CCHS

Dear Superintendent Rigby:

I respectfully request that you, as a responsible superintendent who is concerned about our community and the welfare of students, take immediate action to permanently cancel the upcoming production of "Falsettos."

This play is anti-family, vulgar, and anti-Semitic (see attachments). It has no place being produced by CCHS faculty at our high school. I believe it is shameful that homosexual activists within the school system have targeted traditional family holidays of Thanksgiving, Chanukah, and the Christmas season to launch a play of such depravity.

What is the overall message? Jews are manipulative and neurotic (see lyrics)? Sodomy is cool? Adultery/divorce must be celebrated? Everyone's father, particularly among Jews, might be homosexual? I couldn't help but notice this anti-Semitic play is opening on the first night of Chanukah, a time which is special for a number of families. This play is intended to repudiate that which is sacred and beneficial to society.

I believe it is your responsibility to stop this outrageous play, for the good of our children and community. Such insanity must come to an end.

Sincerely,

Lee Ann Kay
