How can I help protect marriage?

We Must Stand - South Carolina has the right and duty not to recognize same-sex "marriage" even if Federal courts have an opinion otherwise. **The battle isn't over!**

First, there is no authority over marriage given to the United States. Marriage is not a right protected by our Constitution - it is an issue the Founders wholly left to the state and community levels.

Second, the Federal government does not have jurisdiction to compel state agents to act. No South Carolina official can be forced to recognize a gay or lesbian marriage.

Third, even if Federal courts had the rightful power to change human law on this issue, there is a higher law. **The state of South Carolina must refuse to enforce any action - even a Supreme Court ruling - that violates the Laws of Nature and Nature's God.**

The Next Step - Rep. Chumley's bill, H3022, would disqualify any judge from office who issues a same-sex marriage license, under the legislature's authority to do so vested in Article 5, Section 19 of the SC State Constitution. Our state has the decision before us whether or not to implement homosexual ideology. We need to make the right choice. **But the legislature won't see the need unless you show up and make calls.**

Please call and tell your state representatives that the Protect Marriage Act must be passed right away! These folks in particular need to hear from you:

Hon. Bruce Bannister: **(803) 734-3138**

Hon. Greg Dellaney: **(803) 734-3120**

Hon. Weston Newton: **(803) 212-6810**

Hon. James Smith: **(803) 734-2997**

Hon. Walt McLeod: **(803) 734-3276**

Join the Network – In order to win we will need to have the boldness to pray fervently, prioritize our tasks and show up for the things that count, make our voice heard, and organize to change hearts and minds on this issue.

If you are committed to protecting SC families by maintaining the definition of marriage as one man and one woman, please visit Americans for Constitutional Government and sign up for our Protect Marriage Network:
