Marina Cohen Looking good! I bet you're feeling good too!

Laurie Clark so how long was the worst of recovery? You look fantastic!!!!

1w

Valeri Jinxy Abrego Laurie Clark I'm still recovering from my tummy tuck. My wounds aren't healing fast enough, but they're healthy and not infected. But definitely healing slow. As for the top, I felt 100% since week 3.

1w

Laurie Clark So glad to hear you are doing so well and back doing shows!

1w

Valeri Jinxy Abrego Laurie Clark oh yeah me too. I gotta make that 🍷🍷

So I've been reading a lot of crap about the KKK, the Neo Nazis, Proud Boys, planning to intimidate people at the polls tomorrow. First of all that's illegal and secondly, if you're worried that you may be intimidated in your polling place. I offer my services of protection. Just picture me standing like this by my car or your car, just wishing a motherfucker would... PSA seriously y'all, it's illegal for anyone to intimidate anyone at the polls. If you see it, report it, call the police, film them, because NOONE should feel intimidated at the polls. Also if you see a person of color or feel as a person of color, like your vote is being suppressed (i.e. told you can't vote, turned away, or asked for a birth certificate) remind them that it's also illegal for your rights as a voter to be suppressed, call your local voter registrar's office and make a police report. The ACLU is also providing a hotline to report voter suppression. Be safe everyone. The polls are our battleground right now.

Patricia Benton Stunning picture! OMG

Sarah Garcia I'm loving that people chose to do the Handmaid Tale thing. I've only seen one episode of the show but I read the book and that shit is scary, especially with Trump and all his goons in office.
